Dear Ms Martin,

On behalf of Board of Directors Management, Staff and Trainees of CALLS.I wish to extend a heartfelt thank you, to you and the CCTA for choosing us as a recipient for this generous grant donation of US.\$1000.00 exchange too \$2688.20 EC.

Your association's contribution is most welcome at this time, as we are faced with dwindling support from benefactors at home and abroad. We are truly grateful for benefactor like you. Were it not for the assistance of associations such as yours the centre would not have been able to provide the youth with the necessary help which is so vital to their development.

Your contribution will certainly assist us to continue to implement the activities planned and to more effectively serve the community by the training of our youth to live productive lives of love and service.

We pray God's blessing for Caribbean Cable Telecommunication and those who work in the various organization and associations that their missions will be truly blessed and increased one hundred fold. We ask you to pray for us that we may be able to raise the necessary funds which would enable us to carry on the mission entrusted to us at CALLS. And please also pray for our youth entrusted to our care that their lives will continue to be change for the better.

Thank you and May God bless you immensely

Yours sincerely  
  
Olivia Douglas

Proyecto VIDAS has enjoyed great success in the past year. We provided services to over 400 children, twenty five percent were children with specials needs, twenty three percent were children at high risk of being battered or abused. Ninety percent of our participants are from low income families and ten percent were HIV positive.
